ZG Group was founded in 1962. In 1982 the company decided to diversify its specialisation to the manufacturing of wardrobes, living room furniture and bookshelves,hotel and office fittings. Currently the company has a factory of 32.000 sq.m., in which one hundred and thirty employees work with the maximum professional commitment. The company vanta attualmente sul mercato italiano 1.500 punti vendita ed è rappresentata da 30 agenzie.

The history of the ZG Group starts at the beginning of 60’s thanks to the vision and the courage of its founder, Cesare Zanuso. Initially the company developed its activity in the area of Venice, employing one hundred and thirty workers. Today the company, located thirty kilometres from Treviso, has a new facility opened in a beautiful area of Veneto. The company vanta attualmente sul mercato italiano 1.500 punti vendita ed è rappresentata da 30 agenzie.

The company has developed a policy of improving its products and services, and aims at offering high-quality products to its customers. At the beginning of 1999, it opted for the Company Certification for the Quality management system according to the UNI EN ISO 9001: 2000. The issuing of this certificate is the formal act of the acknowledgment that the company has reached a quality level in accordance with the specific standards adopted by the law.

The ZG Group, as a result of improving a policy of continuous improvement and with the objective of ensuring the highest level of quality in the services it offers, in 1999 has been in attendance of the Certification of the Qualities UNI EN ISO 9001. In 2003, it has improved its system and has obtained the International Recognition Quality Certification. At the beginning of 2003, the company certified its operative system according to the UNI EN ISO 9001: 2000. The issuing of this certificate is the formal act of the acknowledgment that the company has reached a series of planned and documented activities according to the specific standards adopted by the law.

L’azienda utilizza materiali ed ai rispetto della salute del consumatore e dell’ambiente che lo circonda, infatti il ‘pannello ecologico’ che utilizziamo per i nostri mobili, è a basso contenuto di formaldeide, in classe E1 ed attiene mediante sistema di riciclaggio degli scarti di lavorazione dello stesso. Questo fa sì che l’abattimento degli alberi per ottenere la materia prima è nullo, pur mantenendo uno standard qualitativo elevato.

Il marchio “CUORE VERDE” identifica prodotti ecologici, tra i quali gli eco-pannelli, che rappresentano il frutto dell’impegno costante di investimenti per la tutela dell’ambiente.

The company uses materials that respect the consumer’s health and the environment. Indeed, the ‘eco-panel’ that we use for our furniture has low formaldehyde content in class E1 and is produced by recycling the production waste. Thus, it is no longer necessary to fell trees to obtain the raw material while the quality standard is still very high.

Thanks to the eco-panel, the product fully respects the environment.

The label “CUORE VERDE” identifies environmentally-friendly products among which the eco-panels are the result of regular investments for the safeguard of the environment.
Elegant, nasce per soddisfare i gusti più esigenti. Si contraddistingue per gli spessori da 50 mm corredati dalla testata imbottita da 80 mm. Queste particolarità e l’accuratezza delle lavorazioni fanno di questo modello una camera da sogno.

The Elegant collection has been specifically designed to meet the most demanding tastes. It is 50 mm thick, and the upholstered headboard is 80 mm thick. These details, combined with accurate craftsmanship, will turn any room into a dream room.
